Warning Announcement on Drugs
October 5, 2010

The Kachin Independence Organization (KIO) firmly believes that narcotic drugs are the common enemy of Kachin nationals and all human beings.

As a matter of fact the caution is meant for those who:

1. Produce, sell, procure, transport and trade in opium
2. Addicted consumers, who inhale or use intravenous injections, are totally prohibited from taking the drugs from 15-10-2010.

Action will be taken against anyone who flouts these laws.

Drug Eradication Committee (DEC)
Kachin Independence Organization (KIO)

Note: The original statement in Kachin was translated into English by the Kachin News Group under authorization of DEC of KIO.
